

# New ULTRALIGHT & STAINLESS STEEL

## THE DISCOVERY LINE

In addition to our fine line of Signature Collection M-Clip® products, for 2008 we have added our new, economically priced "Discovery Line" starting at \$99.

The new ULTRALIGHT models are available in exciting new colors and styles for the individual that wants something lighter weight and more contemporary. We have also introduced a completely new line of stainless steel pieces that offer great styling and value for the customer looking to have the very best.

Now you can enjoy the same Patented functionality you will find in our original M-Clip®, with the added designs of ULTRALIGHT and Stainless Steel – at a great new price! Designed and built with the same great quality found in all of our products.

THE WORLD'S FINEST MONEY CLIP®

From superior base metal materials, to ultra high machined tolerances for each component part, to individually selected top grade alligator hides and finishes, the M-Clip® is constructed with one goal in mind: to make the absolute best, most functional, highest quality money clip you can buy - anywhere. No other money clip on the market offers this functionality nor requires as much time and effort to produce. Your satisfaction is guaranteed.

Custom laser etching for corporate/incentive gifts on any of our M-Clip® styles is available – please contact us for more information.

THE WORLD'S FINEST MONEY CLIP®

## *Style Guide*

FINALLY, A MONEY CLIP THAT WORKS.™

[WWW.M-CLIP.COM](http://WWW.M-CLIP.COM)

# M · CLIP®

THE WORLD'S FINEST MONEY CLIP®

Finally, a money clip that works. One that is designed to hold cash and credit cards and one that will not bend, stretch open or weaken its grip after you use it a few times.

Created with several years of engineering and continuous refinement, the M-Clip® is not a typical, inexpensive, cheaply made money clip. The M-Clip's multi Patented sliding lever mechanical design and functionality allows you to hold cash and credit cards more securely and with less bulk than any other product on the market. Constructed to old world quality standards like those of a fine watch, each M-Clip® is CNC Machined and hand made from start to finish. Every model shipped is individually assembled, polished and tested prior to leaving our production facility. Our products are plated in precious metals including Platinum, 18K Gold, Rose Gold, Rhodium and other finishes - available with or without an engravable initial oval and decorated with the finest alligator skins in various colors. The M-Clip® is also available in an all-metal plated version for a more contemporary look.

**\* Custom logo laser etching and engraving available for corporate gifts and events. Custom color inserts and anodizing options available - minimum quantity restrictions may apply. Please contact us for custom orders.**

- Initial oval adds \$10.00 to the retail price (initial oval not offered on Explorer models).
- Large capacity spring adds \$30.00 to the retail price.
- Precious metal pricing may affect overall cost - M-Clip® reserves the right to adjust prices in the event of unusual spikes in metal plating costs.
- Please note that the Signature Collection product is hand polished. As with any piece of fine jewelry, reasonable care is necessary to keep it looking and functioning properly. The polished finish may show some scratches in the surface over time as it interacts with other items such as coins, key chains, etc. - this is normal to see and will not affect the function of your M-Clip®.

Thank you for your business. Please contact us if you have any questions or have any special needs with your order.

- Large capacity spring adds \$30.00 to the retail price (large capacity springs are NOT available on the ULTRALIGHT models).
- Please note that the Stainless Steel models are made from carefully hand polished stainless steel. As with any piece of fine jewelry, reasonable care is necessary to keep it looking and functioning properly. The polished finish may show some scratches in the surface over time as it interacts with other items such as coins, key chains, etc. - this is normal to see and will not affect the function of your M-Clip®.
